ATKINSON VOS GET CONTINENTAL & MITAS TYRES DEALERSHIP

We are now extremely pleased to announce that we are dealers for CGS Tyres. We are able to supply the full range of new Continental Agriculture tyres and Mitas Agricultural and Constructions tyres at very competitive prices. The range covers all tractor front and rear wheels as well as construction equipment and, of course, Unimogs! We are currently developing a website dedicated to the tyres which should be up and running soon but in the meantime please give us a call on 015242 62922 or email your requirements to simon@unimogs.co.uk.

IS IT A BIRD? IS IT A PLANE? NO! ITS A SKYCAR (AND A UNIMOG!)

Here is Toby Kilner with the Unimog U1300L which supported the Skycar on its long trip from London to Tombouctou and back home again via Senegal. We helped the team prepare for the trip by carrying out a full service and we also fitted high speed axles. During the trip we sent Toby a few bits and pieces for the so it could keep up with the nippy little Skycar. For more details, [click here](#).

NEW DEALS ON THE WEBSITE

Just a reminder for you guys to check out our new DEALS page on the website. Its just been updated with some tyre fitting, brake and aluminium accessories offers so make sure you take a few minutes to have a look and see if there's anything we can tempt you with! Why wait? [Click here now!](#)

END OF AN ERA FOR SOME - A NEW ONE FOR OTHERS

It was Friday. It was raining. It was a sad day at Atkinson Vos. It was on this day that Frank said goodbye to his beloved Merc C280 that has served him well for many years and has been so much more than just a car. It was expertly fork lifted onto the back of the wagon and of it goes to pastures new. On the other end of the truck however, is a Unimog U1650 ready to start a new adventure in Ghana. Visit our newsletter for more details.

UNIMOG CORNER

Here is Alex Fyfe's Unimog before and after! Since taking the Unimog U1750 away from us, he has done a number of things including having the cab completely shot blasted and painted. To read a more on what Alex has done and what he has in the pipeline for this Unimog, [click here](#).

Next is this rather amusing picture from Garth Gosden down in Horley, Sussex. Here is his 1978 Unimog U1300 giving a helping hand to a rather new looking JCB Fastrac!

Last but not least is Alan Kellys U1250 which visited our workshop to have a number of jobs done including having one of our intercooler kits fitted. To read more about what we did to the Unimog, please click [here](#). For more information on our workshop services, visit our workshop pages on our website.

*That's all from us for this month!
Thanks!
Emma*
