

UNIMOGS TRAILERS WOODCHIPPERS SPARES ACCESSORIES WORKSHOP

*Well, we have all finally thawed out, everyone's back on full steam and it's back to business as usual!!
We are very busy at the moment with sold and customers machines in and out of the workshop and
the amount of interest we are getting about our new Timber Dragon Timber Trailers is great!!*

TRAILER PROVING ITS WORTH

*Here is a Timber Dragon TC1 Timber Trailer hard at work down in Bedfordshire.
It belongs to a long standing customer of ours who owns a U1000AG Unimog and
recently added one of our trailers to his fleet. We have also sold our first TC3 which is very exciting
and we are sure will be the first of many.

FINAL REMINDER

*Here is a last reminder of all that snow we had earlier this year and that if you
want to still get around in weather like that, you need a Unimog like this!!*

A JOB WELL DONE

*This U1650 belongs to a customer of ours based in Bracknell.
It was bought back in May 2006 for use in tree surgery so it had a chip box, roof box, etc
fitted to it. Click [here](#) to read to find out about its change in appearance.*

crane frames/rear bodies etc on our own premises.
