Servicing

UNIMOGS    WOOD CHIPPERS    TIMBER TRAILERS    SPARES    WORKSHOP    ACCESSORIES

*Hello all! Well, we are over half way through the year already! Where does the time go?  
We have had another busy month with a trip to Italy,  
new staff and a cake shaped like a Unimog!*

### **A WARM WELCOME**

*We would like to introduce Jeff, our new Operations Manager.  
Jeff started with us a week ago and is getting to grips with the Unimog world!  
To read more about what Jeff's going to be up to here at Atkinson Vos and to  
hear a few words from the man himself, please [click here](#).*

*Also, we are extremely happy to welcome Michael Taylor back. After a few months away,  
Michael is back spanning in the workshop and we all happy to see him back in Atkinson Vos overalls!*

### **A TRIP TO EUROPE**

*Frank had a little trip to Southern Europe a couple of weeks ago to load a fine selection of Unimogs  
and spares. To find out more about what he has been up to, [click here](#).*

### **MOVING GOALS**

*Here is one of our TC2 trailers, recently modified to pick up goal posts at a university.  
To find out how we did it and why, [click here](#).*

**THAT'S ONE TASTY LOOKING UNIMOG!**

Here at Atkinson Vos, we all love a bit of cake so it was a good day when Claire and Jason Ritchie of Moglet, presented us with this wonderful Unimog cake as a thank you for getting the mog up and running so they can begin their tour around the world! You can follow Jason and Claires adventures at [www.moglet.co.uk](http://www.moglet.co.uk)

### **MOGLOVE**

Speaking of trips around the world in Unimogs, Adam and Chloe are well on their way and have set up a great website so we can follow their steps as they make their way from London to China. See what they are up to at [www.moglove.co.uk](http://www.moglove.co.uk)

### **ON THE ROAD TO RECOVERY**

Last but by no means least, is this U900 that has been fully restored and now works in a recovery company. It started its life in a salt yard in Germany and has been restored to look like it does now. [Click here to read more.](#)

See you next time!  
Emma
