UNIMOGS

TIMBER TRAILERS

WOODCHIPPERS  
WORKSHOP

SPARES

ACCESSORIES

*Well winter is well and truly upon us and hopefully all our customers are managing to get around safely. Its times like these that everyone could do with a Unimog for getting from A to B!*

## **\*\*NEW TP WOOD CHIPPER ADDED TO RANGE\*\***

*TP have launched a new chipper in their Forest Range. Complete with crane, the TP230K comes in at a very reasonable price and is perfect for wood fuel use because of its vertical feed rollers. [Click here for more details.](#)*

## **VAT RISE**

*I know I have mentioned this before but this really is the time to act if you need anything for the Unimog or you are interested in a TP chipper or one of our new Timber Dragon timber trailers. The VAT goes up to 20% as of the 4th January 2011 which will make a significant difference in the price so if there's anything you may have been putting off purchasing, get it now before it costs you even more!!*

## **TRIP TO ICELAND**

*This mog belongs to a customer of ours in France. He brought it to us back in May 2008 to fit a turbo which increased the power from 130hp - 150hp. A couple of years later the mog is still going strong and took the family on a tour of beautiful Iceland. [Click here for more details.](#)*

## **SNOW MOGS**

*We have had our fair bit of snow this past week along with the rest of the country. It certainly made driving around interesting but don't the Unimogs look lovely with a covering of fresh, white snow!!*

### **YOU WON'T LOSE THIS MOG IN THE SNOW!**

*Ross collected this Unimog today which we fitted crane on the front from one of our Timber Dragon trailers. It also had a lick of paint and spent some time in our workshop. [Click here](#) to see how it looked before we started and what we did to get it looking like this!*

### **A JOB TO FIGHT OVER**

*A mobile mechanic job that every one of our mechanics would like to go on!! [Click here](#) for more details.*

### **BRING ONE MOG IN - TAKE ONE MOG OUT**

*A bit like the hokey kokey!! Our local transport company came to our yard last week to drop off this little U600 for us to do some work on for a customer and to take away a U1650 which we sold to a customer all the way up in Aviemore. Visit our newsletter for more details.*

### **BONNIE MOG**

*This lovely 417 was bought by an established customer of ours based in Lanark. It has gone to join a U600 and will work in the family run business P.L.P.C. They tackle any kind of power line work in the most remote and rugged terrain that the UK has to offer. They have a large fleet of vehicles, plant, stringing equipment and specialist equipment to help them do so and the Unimogs are a great asset to the company.*

### **MORE SNOW!**

*Do you remember this U2150L38 Unimog we sold a while ago? We followed its rebuild in Belgium a few months ago and here it is in the snow which also caught them unaware but luckily they have a Unimog to get around in!*

### **XMAS HOURS**

*Just incase you guys need us over the festive season, please find below when we will be open -*

*Christmas Eve - open  
Christmas Day - closed  
Boxing Day - closed  
27th & 28th December - closed  
29th - 31st December - open  
1st January - 3rd January - closed  
4th January - open as usual*

*Unfortunately we will be unable to send out any parts as our couriers close down over Christmas and New Year but will be business as usual as of the 4th January 2011.*

*Well that is all for me this month and for this year in fact!  
We hope you all have a very Merry Christmas and a Happy New Year and  
we look forward to dealing with you all in 2011!!*

*Thanks  
Emma*
