UNIMOGS TIMBER TRAILERS WOOD CHIPPERS SPARES
WORKSHOP ACCESSORIES

Hello all!
We have quite a lot to fit in this month so lets get on with it!

NEW FUNDING AVAILABLE

If you are based in the Yorkshire and Humber area and produce/supply woodfuel, click here to learn about some new funding that has recently become available to help you purchase a chipper or trailer needed to help your business grow.

TRADING IN

An existing customer of ours decided his U1200 was getting a bit long in the tooth. He liked the model but just wanted a fresher one! We had a U1200 in stock and traded his current Unimog for a tidier, new one!

HAPPY CHIPPING

As you guys know, we are dealers in TP wood chippers. We had a call from a new customer looking for a small chipper to fit on the back of his compact tractor to clear bits of brush and wood from the surrounding areas. Click here to see what the customer bought and what he thinks of his new purchase. Visit www.tpwoodchippers.co.uk to see the range of TP chippers and current offers.

MOBILE MECHANIC UPDATE

A lot of our customers are taking advantage of our new mobile mechanic service. So far we have been to Somerset, Bristol, Hereford and Bedfordshire fixing Unimogs and MB Tracs. For more information, please call us on 015242 62922 or email us at simon@unimogs.co.uk

MB TRAC TO POLAND

We advertise our stock on a number of overseas websites, and this MB Trac caught the eye of a customer in Poland. A few emails later and here it is being loaded into the back of this wagon! [Click here for more details.](#)

SPARES WORLDWIDE

We have been very busy with overseas shipments this month including a crate to Australia, one to the states and a pallet of Unimog goodies to the Republic of Congo! Visit our newsletter for more details. If you live overseas and are interested in purchasing any items from us, please email or call us and we can arrange shipping either via our very experienced shipping agent, or for smaller items, we have a wide range of couriers visiting our yard daily.

NEW ARRIVALS

We had two new beauties arrive in our yard this week. A U500 which has already sold to an existing customer of ours and the teams favourite, a German fire brigade U1300L37 with working siren and lights! [Click through to our stocklist for more details.](#)

NEW ACCESSORIES

We also have another new accessory to add to our list. We can now supply new heavy duty linkages for all models U1000 - U2450. It has a 2.5t lift capacity making it man enough to lift most implements with ease. For more details, please visit our accessories section on our website.

Well thats all from me this month!
Thanks,
Emma
